Implementor Spotlight

Tonya Iturri & Betsy Bagsby

Tonya Iturri and Betsy Bagsby are the RTI2-B District Coaches for Franklin Special School District. They each support four schools in the district and are valuable members of the RTI2-B District Leadership Team. As coaches, they attend school team meetings, complete the Tiered Fidelity Inventory (TFI) with teams, provide ongoing implementation assistance, and help plan quarterly team lead meetings. One of their new initiatives is creating an FSSD RTI2-Behavior Newsletter. This is used to disseminate information, provide tips for implementation, and celebrate successes within the district. The most recent edition summarized research on Check-In/Check-Out in a useful format for staff members and detailed the importance of using an action plan at Tier I and Tier II team meetings. Their knowledge, experience, and enthusiasm make them stand out as model implementors! We are excited to celebrate their hard work as RTI2-B District Coaches!
